

# Hilltop Elementary

## Accelerated Reader

Beginning with the 2007-2008 school year we now have AR ONLINE!!!! This means we have access to any and every AR quiz that exists. Since our list of quizzes has grown to over 100,000 we can no longer post a complete list of quizzes to our website due to the large file size. Therefore, the best way to see if there is an AR reading practice quiz for a specific book would be to visit the [Renaissance Learning quiz store website](#). At this site you can search by title, author, or ISBN. Please note that there will be quizzes on the list for which our campuses do not have a book within its library.
