EXTERNAL PHYSICAL EDUCATION PROGRAM REQUIREMENTS

The following basic requirements have been established by the Argyle Independent School District and the Texas Education Agency. These requirements must be met and maintained to be eligible for participation in the program.

1. The purpose of the program is to accommodate students who are making a serious effort to develop high level capabilities and to allow them to be involved in an External P.E. program that provides training exceeding that offered in the school district.
2. External P.E. activity programs will be approved for only those students who have been strongly recommended by qualified instructors.
3. Only those students in grades seven through twelve will be eligible for consideration for the External P.E. program. Only one year of External PE credit is necessary for Middle School students. Thus, they will only be allowed to enroll one year in this program.
4. Only those students involved in the activities of **SWIMMING, DANCE, BALLET, GYMNASTICS, EQUESTRIAN, TENNIS, GOLF** will be considered for the External P.E. program. Others (by application) will be considered by the program directors.
5. Student applying for External Physical Education will be considered under two categories:  
**Category One: (High School ONLY)** These programs typically involve a minimum of 10 hours per week of highly intense, professionally supervised training leading to Olympic caliber performance. Students qualifying at this level may be dismissed from school one period per day for such participation. Students participating at this level may receive a maximum of one-half credit per semester.

**Category Two:** These programs are to be of high quality, well supervised by appropriately trained instructors and consisting of a minimum of 5 hours per week. Students certified to participate at this level **MAY NOT** be dismissed from any part of the regular school day. Students participating at this level may receive a maximum of one-half credit per semester.

**Category One and Two:** The student must participate in a minimum of four days during the school week (Monday – Friday) , plus an additional day that may fall on either the weekend or during the week.

6. Students who are participating in the program for physical education credit **MAY NOT BE ENROLLED IN ANOTHER PHYSICAL EDUCATION CLASS OR ATHLETICS** during this time.
7. The student may not have more than five unexcused absences per semester and remain in the program.
8. Students participating in Category I activities may be dismissed from only first or last period class (**High School only**).
9. The facility will be required to document and certify all efforts to comply with the Texas Essential Elements as they apply to the specific activity being taught.
- 10.** The records concerning attendance, grades, records of competition, contest results, etc. must be fully completed and forwarded to the program director **by the appropriate due date.**
11. The instructor will be required to report a numerical grade at the conclusion of each school grading period.
12. The instructor must constantly observe and evaluate the student's attitude, work habits and progress. If at any time the student fails to maintain this high level of performance, the instructor will be expected to contact the program director and withdraw his recommendation. The student will no longer be considered eligible for the off-campus program.
13. External PE Director will deduct points for grades turned in late.

**Instructor's Name**

As a professional instructor, I am aware of the emphasis on program objectives, grading based on performance and attendance established by public education and the Argyle Independent School District. I understand the problems inherent in a program such as External Physical Education and the importance of maintaining program integrity. Therefore, I will support the following condition to my approval as an External P.E. instructor.

1. The instructor will adhere to the district's guideline for attendance by the student.  
  
The student must participate in his/her activity, under professional supervision, a minimum of 10 hours (Category I) or 5 hours (Category II) each week at one facility. All such participation must be under the direct supervision of the instructor.
2. The instructor will keep an accurate record of student attendance.
3. The instructor will forward a numerical grade recommendation based on student performance and attendance as requested.
4. The instructor will submit a written outline of program objectives and activities when requested.
5. The instructor will contact the athletic coordinator at 940-262-7777 ext.7007 or [sschmidt@argyleisd.com](mailto:sschmidt@argyleisd.com) if the student's attendance becomes irregular.

I understand that the Argyle Independent School District is accountable for the participation of each AISD student in the External Physical Education program. I will make every effort to cooperate with the district in their accounting procedures.
