

NCAA Eligibility Center

If you are planning to participate in Division I or Division II College athletics you must register with the NCAA Eligibility Center. There is more to being a college athlete than just having talent. College programs are evaluated on the number of student athletes who graduate, so recruiters want to make sure they are recruiting students who can not only perform athletically, but academically as well. **You must register with the NCAA Eligibility Center at the end of your junior year or the beginning of your senior year.** (This does not apply to Division III schools. Please contact those schools directly for eligibility requirements.)

To register please click the link below and follow instructions. Remember that once you have registered you must fill out a [transcript request form](#) and submit it to the Argyle High School counseling office. You will also need to have your SAT and or ACT scores sent directly to the NCAA Clearinghouse. **When registering for the SAT or ACT, use the Eligibility Center code of 9999 to make sure the score is reported to the Eligibility Center.**
