Principal

Welcome to the 2011-2012 School Year

I would like to welcome each of you to the 2011-2012 school year. We are very excited to begin what I feel has the potential to be a very successful year. The Class of 2011 did a great job in leading our high school to accomplish one of our most successful years in AHS history. In 2010-2011, we excelled in all areas including academics, athletics, and fine arts, resulting in Argyle High School placing second in the Class 3A UIL Lone Star Cup competition. We are very proud of our student's TAKS performance in 2010-2011. Our students' hard work paid off with AHS being named an Exemplary campus for the fourth year in a row.

As you can see, 2010-2011 was a great year for our high school. However, using the example set by previous graduating classes, I believe our students are prepared to improve on our achievements. Our students and faculty continue to amaze me with their focus and commitment to excellence in all areas.

We appreciate the support of our parents/guardians and our community. One of the many goals we have in the 2011-2012 school year is to improve our communication with our parents /guardians. We will continue to better use our Argyle High School webpage, school parent email known as Wingspan, fall and spring Insights articles, online school newspaper, Tx-Connect Parent Portal for parents to check their students grades, Meal Time for parents to check and pay their students lunch account, and as always our parent and teacher conferences. On our website you will find upcoming events, important information, and the different accomplishments of our students as well.

In closing, we are extremely proud of our students and their accomplishments. I believe the reason we are so successful is due to our students, parents, staff, and community working together to provide the best education possible. Together we must continue to improve upon each facet of our campus. We cannot take for granted the success of previous years. This success came with hard work, determination, and collaboration of the four groups of people mentioned. We are very excited about the upcoming school year. Please let us know if there is anything we can do to further improve the education of our students at Argyle High School.

Sincerely,
Jeff Butts
